

CHISELED BASALT & GRANITE COLUMN FOUNTAINS

Description: We make these modern looking pieces by hand chiseling basalt and granite columns. Each fountain has been slightly tapered from the bottom up, promoting good water flow, sound, and action.

Color: Chiseled basalt is dark gray when dry and almost black when wet, while salt and pepper granite is lighter with dark speckles and flecks of quartz.

Diameter: Available in 4", 8", and 12" diameters

Height: 18" and up to 72". 4" diameter size is limited to 36" tall.

Weight: ~30 - 180 lbs per linear foot
