

## RED BLUFF BASALT LIGHT

SKUs: B-L-RB-3 and B-L-RB-4

Description: These rusty colored columns make beautiful and unique landscape lights. Red Bluff columns have the weight of a smaller column but the appearance of a larger column. They work well as pathway lights, bollard lights, and all-around landscape lighting for both residential and commercial projects.

Color: Tans, rusty browns, and swirling reds make up the coloration of the exterior crust, while the interior is a dark, charcoal grey and is polished to a black luster.

Diameter: 13" to 18"

Height: Available in 36" and 48" heights. Custom heights available as well.

Weight: ~150 – 180 lbs per linear foot.
